REGULAR AGENDA

1. CHAIR REPORT

Dave Pine—Chair—welcomed Board members and attendees. He noted that there would be a special meeting tonight as well as the regular meeting. He announced that Peninsula Clean Energy (PCE) is completing Phase 2 of customer enrollment, so the entire County of San Mateo is on at least 50% clean energy.

2. CEO REPORT

Jan Pepper—Chief Executive Officer—announced that PCE is now the largest CCA (Community Choice Aggregator) in California, and that several Board members attended PCE’s Phase 2 press event on April 19th at Hillsdale shopping center. She reported that PCE still maintains a low opt out rate of 1.3% and customer accounts now near 300,000. She announced that PCE staff has been expanded by 25% with the addition of two new employees: Siobhan Doherty, Manager of Contracts, and Joe Wiedman, Senior Regulatory/Legislative Analyst. She announced that an Energy Analyst position has been posted, that will be open for applications until May 3rd. She also announced several important dates coming up: the online application for the Citizens
Advisory Committee will be open until April 30th; PCE staff will present “PCE 101” energy basics training for new Board members the week of May 15th; and “PCE 202”—the deeper dive into PCIA, will take place the 1st week of June.

3. MARKETING AND OUTREACH REPORT

Dan Lieberman—Director of Marketing and Public Affairs—reported on marketing and outreach efforts, including Earth Day events, and PCE sponsorship and conferences.

4. REGULATORY AND LEGISLATIVE REPORT

Joseph Wiedman—Senior Regulatory/Legislative Analyst—reported on regulatory and legislative efforts, including meeting with State Senator Scott Wiener on March 31 regarding SB 618; attending the Senate Energy Utilities & Communications Committee Hearing on SB 618 on April 18th; an April 20th meeting with PG&E (Pacific Gas and Electric Company), MCE (Marin Clean Energy), and SCP (Sonoma Clean Power) on a default TOU (Time Of Use) pilot program. Joe provided updates on several pieces of legislation that would impact CCAs, including SB 618, AB 79, AB 1405, SB 338, and SB 679.

5. INTEGRATED RESOURCE PLAN

Joe Wiedman and George Wiltsee—Director of Power Resources—presented considerations for an Integrated Resource Plan (IRP), including resource planning goals, electric load forecasts, the mix of resources, procurement methods, and risk management, and how those relate to PCE’s strategic procurement targets. They reported that although there are currently no final requirements from the CPUC on the components of an IRP, PCE is working on an IRP to submit to the Board for approval, and then ultimately to the CPUC to be certified.

6. AUTHORIZE THE CHIEF EXECUTIVE OFFICER TO EXECUTE AN EEI (EDISON ELECTRIC INSTITUTE) MASTER AGREEMENT AND CONFIRMATION AGREEMENT FOR PURCHASE OF RESOURCE ADEQUACY FROM PACIFIC GAS AND ELECTRIC COMPANY (PG&E). POWER DELIVERY TERM: JULY 1, 2017 THROUGH DECEMBER 31, 2017, IN AN AMOUNT NOT TO EXCEED $3,300,000

Siobhan Doherty—Manager of Contracts—reported that while PCE solicited proposals for Resource Adequacy (RA) for July through December 2017, PG&E posted its own proposal and PCE bid on it for this purchase. She explained that this is not energy, it is capacity. Jan Pepper explained that in the bid, PCE specifically requested that coal and nuclear be excluded. The Board discussed the pros and cons of biomass, how it’s handled in California, and the option of creating a policy in the future.

Siobhan Doherty reported that PCE has already purchased energy for Phase 1, and is now purchasing for Phase 2 power delivery. She said PCE’s office design will support 26 employees and will be able to host the monthly Board meetings. She explained that she needs authorization to move forward in the process of selecting a furniture vendor before the next Board meeting so the vendor can immediately begin coordinating with the landlord and contractor on electrical needs and cabling locations. Some Board members requested that union labor be considered for the installation, and that American-made furniture be considered in the purchase decision.
